

Zone Defense® Bullet Camera

CAM.313RBS

Enhance your view by adding the Zone Defense Bullet Camera to your vision system. As with all Zone Defense cabled cameras and monitors, this camera can be easily attached to any of the cabled Zone Defense vision safety product family. The powerful camera provides a 120° viewing angle, while the small size gives you the flexibility to mount it anywhere on your vehicle where you need to eliminate your blind zones. It's the perfect addition to your rear vision camera system!

Small camera
for flexible mounting
options

Night vision up
to 10m

Easily integrate
with existing
monitors

Key Features:

Small but powerful camera allows you to flush mount to your vehicle and provides flexibility in mounting locations

120° viewing angle meets FMVSS 111 field of view requirements

Infra-red provides driver with night vision up to 10M

Operates on 12v DC or 24v DC

IP69K rating and 7G rating to withstand power washing and harsh vibration

Ability to integrate with Zone Defense and other 3rd Party Monitors (with OEM adapter cable sold separately)

Standard 1 year warranty (5 year available)

Safety is an investment and you need a system that is flexible enough to meet your needs and budget today, while easily growing into the future as your needs and resources change. That is why Zone Defense manufactures our cabled solutions using a modular approach so you can easily add on to your safety system as your program expands.
